

Samuel Rhodes School Outreach

Our Outreach Team works with mainstream school staff to support the learning and inclusion of any students with moderate learning difficulties. We build capacity in schools by providing blocks of outreach and by providing training. We work with teaching staff to target set, advise on interventions and help embed strategies in the classroom. Our point of contact in the school is the school SENCO.

SRS Outreach team

Caroline Needham - Outreach Teacher

Jane Palmer - Head of SRS Outreach

Our Service provides:

- Termly core training. This is open to all Islington Schools.
- 5 week blocks of outreach from nursery through to year 12.
- Advice on curriculum development and assessment.
- Additional in-school training.
- We coordinate the Islington Down Syndrome Network and run termly workshops.
- We help coordinate the Islington Dyslexia Network and manage their assessment referral system.

You can make a referral to our team using the link to our Referral Form on this page.

Alternatively, you can email Jane: palmer.j52@srs.islington.sch.uk

We will need links to our referral form Outreach and IDN which need to be downloadable and emailable

We will need a link to our resources page and a link to our trainings page
