

SRS Sixth Form Curriculum KS5

KS5 Curriculum

At SRS KS5 classes follow 2 separate pathways depending on the SEN needs of individual learners.

Pathway 1 (Higher level Pathway- the pathway to work)

This is a 3 year programme with the vision to enable our young adults to transition into meaningful part time work.

Pupils following Pathway 1 will take English (Entry Level, GCSE or Level 1), Mathematics (Entry Level, GCSE or Level 1), Computing (Entry Level or Level 1).

Pupils will also follow a BTEC Level 1 Certificate, Extended Certificate or Diploma in Work Skills and an Arts Award Level 1 Bronze Award or Level 2 Silver Award.

Pathway 2 (Entry Level Pathway, supporting pupils with independence)

This is a 3 year programme with the vision to enable our young adults to transition into meaningful work or community inclusion with the appropriate health provider.

Pupils following pathway 2 will take English (Entry Level), Mathematics (Entry Level), ICT (Entry Level).

Pupils will also follow a BTEC Entry 3 Level Award or Certificate in Work Skills and ASDAN PSD Entry Level Certificate.

<u>Literacy</u>	As well as 3 discrete English lessons a week, in KS3, KS4 and KS5 all pupils are streamed for a daily Ruth Miskin Literacy Programme, which is a complete phonics programme. Pupils are reassessed every half term and those not making expected progress receive 1-1 support within lessons. All our staff are trained to teach Ruth Miskin Phonics so this level of literacy support continues in every lesson to support pupils with their acquisition of reading and writing skills. Pupils also have 5 guided reading sessions a week in afternoon tutorial.

SRS Sixth Form Curriculum KS5

<p><u>Speaking and Listening</u></p>	<p>We deliver Philosophy for Children sessions once a week to help pupils develop their speaking and listening, reasoning and debating skills.</p>
<p><u>Mathematics</u></p>	<p>In KS5 pupils have 3 discrete Mathematics lessons following an examination curriculum at the appropriate level as well as one additional session a week using Mathletics which is our online homework programme which helps pupils consolidate their learning and independence in mathematics.</p>
<p><u>PSCHE</u></p>	<p>Pupils have one session a week on PSCHE as well as topic days when we look into some topics as a whole school project. We also offer a travel-training programme to support pupils become independent when they are ready.</p>
<p><u>Work Experience</u></p>	<p>All learners will have the opportunity to take part in a 6 weeks mentoring program with one of our partnership businesses in order to develop positive work skills and to increase confidence within the employment sector. Learners will be placed on a weekly extended work experience placement with the support of our careers advisor. Time will be given throughout the term for regular reflection and mentoring support for young people on work experience placements.</p>
<p><u>Leisure Activities/Physical Education</u></p>	<p>Pupils will learn skills and confidence in accessing local leisure facilities in order to increase their understanding of travel training, social skills, money management, and health and wellbeing. (Links with GLL) Pupils will also take part in 2 discrete PE lessons each week.</p>
<p><u>Community inclusion and good health</u></p>	<p>This aspect of the curriculum is key in developing a deepening knowledge of work, finances, health, independence and social skills across a wide range of organisations through bespoke workshops, lectures, short courses, and taster sessions. These will be delivered through our partnership links. We are always looking to develop new links with local organisations and businesses. We have social links with Stormont House 6th form in Hackney. We are also looking at developing volunteering opportunities with local charities.</p>
