

Dear Parents/Carers

26/06/2020

Do you know who is following your child or who your child is following on social media platforms?

Sometimes followers have different names like 'friends' or 'subscribers'. It's really important that you monitor these on your child's phone or other devices that connect to the internet.

You can follow this guide to help your child stay safer while using social media platform such as Facebook, Instagram, Tik Tok, Twitter, Pinterest, SnapChat, Flickr, Reddit or Tumblr.

Parent guide to checking followers on social media platforms

1. Make profiles private

2. Check followers and friends regularly

3. Check appropriate content

4. Supervise time on social media

5. Limit time on these platforms

6. Keep devices in public areas of the house.

You can find all the previous E-safety letter on our school website by [clicking here](#).

Kind Regards,

Áine Finan: Assistant Head Teacher
