Dance: Warm Up

We will be learning to warm up our body to get ready for dance. It's important to warm up to get blood flowing, loosen your joints and prevent injury. Warm ups helps our bodies to protect muscles for injury. They gently start to stretch muscles in your body so when you dance they are ready to move faster.

Make up your own dance up

Types of Turn

We will be learning more about types of turn we can use in our dance. You can turn just a part of your body or you can turn your whole body. Different types of dance have different turns like ballet, ballroom, Latin and hip-hop. Be careful when doing turns and remember to always warm up first.
